Boarbank Hall

The House and Gardens

Boarbank Hall is set in extensive grounds on a hill overlooking Morecambe Bay. The grounds include mixed woodland containing a rich variety of trees, flower and vegetable gardens, a grotto recalling the convent's dedication to Our Lady of Lourdes, a summer house, a children's play area and a fine tennis court.

The main house was rebuilt in 1870 by a wealthy manufacturer and retains many of the original features, including the porch and the entrance hall, with its impressive central staircase. The present chapel connects the guest rooms of Boarbank Hall and the convent with the modern extension that houses more guest rooms, the Oratory and the Nursing Home.
