AND A PRAYER FOR COVID

O God our Healer, show your compassion for the whole human family that is in turmoil and burdened with illness and with fear. Come to our aid as the coronavirus spreads globally, heal those who are sick, support and protect their families and friends from being infected. Heal our self-centredness and indifference that make us worry only when the virus threatens us. Strengthen and encourage our government, those in public health services and in the medical profession. Inspire, give insight and hope to all researchers focused on developing a vaccine. We ask this in Christ's name. Amen

We are very grateful to the Pastoral Team for their care, and especially to Susan Jackson for her much appreciated weekly phone calls to check we are all right. And we enjoyed the lovely Harvest biscuits too! With our love and prayers for you all.
