### FOR REFLECTION:

"Eternity is with us, inviting our contemplation perpetually but we are too frightened, lazy and suspicious to respond; too arrogant to still our thought and let divine sensation have its way. It needs industry and goodwill if we would make that transition; for the process involves a veritable spring-cleaning of the soul, a turning-out and rearrangement of our mental furniture, a wide opening of closed windows, that the notes of the wild birds beyond our garden may come to us fully charged with wonder and freshness and drown with their music the noise of the gramophone within. Those who do this, discover that they have lived in a stuffy world, whilst their inheritance was a world of morning-glory: where every little mouse is a celestial messenger and every thrusting bud is charged with the full significance of life."

— Evelyn Underhill,
